About SDK Vastgoed

We create the environments of the future, by making spaces where others realize their dreams.

Brainport Industries Campus (BIC)

In a high tech campus environment, over 4.000 people from over 50 organisations work together under one roof in this 100.000 m^2 factory of the future.

Strijp-S

A former industrial area is transformed into a thriving mixed used inner city neighbourhood in downtown Eindhoven.
